(14) Achieving Measureable Skill Gains in Education or Training Program Leading to Credential	71						
(15) Effectiveness in Serving Employers							

Brenda Ferrera came to the American Job Center in seeking assistance for education and training that is in the medical field. Brenda spoke with the youth staff about wanting to attend Sowela for the CCMA program which has been her interest for some time. Brenda was a 20-year-old out of school youth. Brenda was eligible for the WIOA youth program due to the following by being on low income and basic skills deficient in Math. Brenda started the CCMA program at Sowela on 02/20/2023 with a projected end date of June 09, 2023. During Brenda's time enrolled in the WIOA youth program she attended class on time everyday for class with little absences. During Brenda's time in school, she was an excellent student and has passed her exams and test. Brenda graduated from the CCMA program on June 23, 2023, by earning a certificate of completion from Sowela. Brenda also earned other certificates that she has passed her exams in Phlebotomy, EKG, and Certified Clinical Medical Assistant. Brenda was also able to gain employment at Lake Charles Memorial Hospital as a Medical Assistant working full-time making \$15.00 an hour. Brenda was grateful that the WIOA youth program was able to help with her schooling, so that she can get started in her career as a medical assistant and later in the future would like to further her education in the medical field.
