

# ELEVATION SURVEY INFORMATION

An elevation survey is required in **ALL Flood Zones** in Calcasieu Parish.

**1. GROUND Survey/FREEBOARD Form:** Provided *prior to* the structure being built or moved onto the property. A *GROUND Survey/FREEBOARD form is required at the time the development permit is issued.*

**2. Finished Floor:** A). *After* the structure has been built, moved on, or manufactured home has been placed on the property. (Bottom of I-Beam is considered floor for Manufactured Homes); and B). The **electrical equipment (i.e. A/C-condenser or window unit, water heater, sewer pump motor, etc...)** has been set. The floor & all equipment must meet **Freeboard** elevation requirements!

A Final Elevation Certificate certifying the finished floor & machinery/equipment must be submitted to the Permit Office prior to the release of electrical power to the utility company!!
