Environmental Permit Requirements

**** Permits are required prior to beginning any work****

Pursuant to the Clean Water Act, as amended (33 U.S.C. 1251 et seq.), and the Louisiana Environmental Quality Act, as amended (La. R. S. 30:2001 et seq.), the Louisiana Department of Environmental Quality (LDEQ) requires that both small and large construction site operators obtain the applicable storm water permit(s) for their site(s):

Large developments of greater than five (5) acres require application to the LDEQ for and receipt of the Storm Water General Permit for Construction Activity Five (5) Acres or more ([LAR100000](#)). Operators of large development sites shall comply with the requirements of the permit including submittal of a [Notice of Intent](#) to the LDEQ.

Small developments of from one (1) to five (5) acres shall comply with the requirements of the Storm Water General Permit for Small Construction Activities ([LAR200000](#)).

Copies of the permits and related forms may be obtained on the LDEQ website at <https://deq.louisiana.gov/page/lpdes>.

Go to: Water -> Permits -> LPDES Program Page ->LPDES Permit Applications Forms -> CSW-G for large development sites Notice of Intent.

Copies of permits are available at the LPDES Program Page ->LPDES General Permits -> LAR1000000 or LAR2000000.

Permit information is also available through the LDEQ regional office at 337-491-2667.

The undersigned does hereby attest that he/she is aware of the requirements to **obtain** and **comply** with the applicable LDEQ construction permit(s) for his/her specific development site(s).
